

EXPERT HORSE RACING HANDICAPPING!

December 6, 2025

Good morning Turf Club Members,

**Wow! Trackpro** published the handicapped report for Turfway Park yesterday that listed the early **50 cent PICK 4 (4 x 3 x 1 x 4)** in R5 that paid an incredible **\$12,738.93** for subscriber's! The listed **50 cent PICK 4 (1 x 4 x 4 x 2)** in R7 paid **\$1,086.53!** And the listed **50 cent PICK 5** in R10 returned a rock solid **\$1,883.59!** The powerful **Trackpro Value Rating (TPV)** algorithm just missed listing the early **50 cent PICK 5** in R1 which paid a mind-boggling **\$40,057.80** by just one horse. What a darn shame that was for

subscriber's! I wish the **TPV** was a perfect handicapping tool, but clearly it is not. But nonetheless, the **TPV** did an outstanding job handicapping the Turfway

Park card last night listing nine of the last ten consecutive winners on the card that brought home some absolutely fantastic win payoffs which are listed as follows: (R2 - **\$31.40**, R3 - **\$15.66**, R4 - **\$11.74**, R5 - **\$32.40**, R6 - **\$14.40**, R7 - **\$3.22**, R8 - **\$15.62**, R9 - **\$9.32**, R10 - **\$6.06**). And the foregoing win payoffs sent the listed horizontal wagers through the ROOF!

## THE TRACKPRO MORNING LINE OVERLAY (MLO) CALCULATOR

**Trackpro** has not mentioned the Morning Line Overlay (MLO) Calculator in quite some time in this newsletter, so today is a good time to recall how it helps snag some massive overlays for subscriber's. The **MLO** is simple to use. Just divide the tote board odds a few minutes to post by the morning line. The higher the ratio, the more wagering value is present on the horse. For example, let's start with R2 yesterday at Turfway Park shown below:

### TURFWAY PARK – 12/05/2025 – R2– MORNING LINE OVERLAY - \$31.40!

20251205 TP Race No. 2				
PN	HORSE	ML	TOTE	MLO
4	SOLRUN	12	10.87	0.91
3	I MADE IT	8	5.50	0.69
7	ROSE'S WISH c	15	0.00	0.00
8	EMERSON'S DREAM < c	5	14.70	2.94
				Calculate

The color codes help identify overlays in the Trackpro program, but they are not needed to use the MLO successfully. In R2 shown above at Turfway Park, the #7 ROSE'S WISH was scratched. The only horse in the handicapped report that earned an **MLO** ratio over 1.00 at post time was the #8 EMERSON'S DREAM which paid **\$31.40** to win! Notice the morning line was set at only **5-1**, but the betting public floated the odds up to almost **15-1** at post time! And also notice that the winner was marked with two **Trackpro Handicapping Tools** which were as follows: **Sharp Form (>)** and a **Notable Chart Comment (c)**.

The winner #8 EMERSON'S DREAM (**\$31.40**) keyed the listed \$2.00 Exacta that paid a huge **\$245.78** for subscriber's! The winner was ridden by jockey John McKee (**20.75%**), and the **ROI** for this jockey when he rides for trainer Jeffrey Greenhill (**13.83%**) is a profitable **+\$4.78** for each two dollars wagered. What a fantastic Morning Line Overlay (MLO) to kick off the tremendous horizontal wagers all of which were listed in the next nine consecutive races!

## TURFWAY PARK – 12/05/2025 – R5 – MORNING LINE OVERLAY - \$32.40!

20251205 TP Race No. 5				
PN	HORSE	ML	TOTE	MLO

8	DROP SHOT j	4	0.00	0.00
7	KHETAM c	12	15.20	1.27
				Calculate

Any horse listed in the **Trackpro** handicapped reports is capable of winning the race, the key is to wager on the overlays to win and place, and use the underlays underneath in the vertical wagers for racing fans that like to play exactas, triples, and superfectas. **Trackpro** is not a big fan of the exacta wager, but this wager sure can payout big time when a longshot wins which was the case in R5 at Turfway Park last night. The winner #7 KHETAM (**\$32.40**) was a slight Morning Line Overlay (MLO) at post time, and the exacta with the favorite

running second bet down to even money paid **\$88.22!** That is a very nice exacta payoff indeed. So **Trackpro** subscriber's should not overlook the Morning Line Overlay (MLO) Calculator. Why? Because the MLO measures precisely the wagering value available at post time for each contender in the handicapped reports. The winner #7 KHETAM (**\$32.40**) in R5 anchored the listed **50 cent** PICK 4 that returned a phenomenal **\$12,738.93** for subscriber's! Results like this are not luck, they are the direct consequence of the superb Comprehensive Handicapping performed by the innovative **Trackpro Value Rating (TPV)** algorithm!

## THE NEW TRACKPRO POWER RATING (PR) NAILS MONSTER TRIPLE!

Yesterday at Tampa Bay Downs in R9 shown below, the #5 INNATELY GOOD earned the TOP Trackpro **POWER RATING (PR)** and won! The win payoff was a hefty **\$54.20**, and the place payoff was a solid **\$15.40!** The horse with the second highest POWER RATING was the #9 ROYAL MAJESTY listed fourth in the selections below. This horse brought home the

listed \$2.00 Exacta that paid an incredible **\$208.20!** The listed **POWER RATING (PR)** two dollar "Triple Key" paid **\$854.20!**
